Covenants, Conditions and Restrictions.)

## **BUILDING ELEVATIONS**

## **REMINDER:** Construction Materials - Masonry Requirement

- Masonry materials are natural quarried stone, quarried rock and stucco. Manufactured stone will be treated as non-masonry material. Hardi Plank or other cement board products are classified as non-masonry. Brick may be used <u>only</u> for accents (i.e., window trims, sills, columns, etc.).
- Front and side exterior walls must be constructed ONLY with masonry materials.
- In non-gated units only the REAR walls may have non-masonry not to exceed 25% of the non-windowed exterior surface of the rear walls.
- Gated communities require 100% masonry.

Front, rear and two side elevations.
All elevations labeled and drawn according to scale
Building Height specified on elevation from plate line to highest point on the structure
Exterior finishes specified
Specific description of roofing material including manufacturer, style name and color
All decks and terraces drawn
All chimneys shown with cladding material specified (must be stucco or stone)
Location of exterior light fixtures and manufacturer's information of specific fixtures qualifying under
the ASDG Section 10.3 guidelines.
<b>Note:</b> All exterior lighting must be submitted to the ACC for review and approval before installation.
Other Information Required (2 copies)
Paint chips for exterior colors for stucco and trim (one copy may be a photocopy of the original).
Include colors for any decorative exterior columns, garage doors, front door, shutters.
Stone color (printed photograph or emailed .jpg preferred over sample piece)
